

PALM BLUE - OVERVIEW

Proudly positioned on the prestigious Palm Jumeirah, Palm Blue is a luxe Arabian villa and is perfect for a family-friendly Dubai escape, with the city centre within easy reach, and a sandy beachfront directly behind the house. Designed in a mesmeric Arabian style in-keeping with the upscale residences of the Palm Jumeirah, this stylish villa boasts an idyllic setting by the beachfront with views looking out to the fairytale-esque Atlantic Resort.

Inside, Palm Blue is very spacious, with neutral tones and elegant furnishings to create a sense of serenity. The villa has plenty of communal space to enjoy away from the Dubai sunshine. There's an impressive living and dining room with panoramic windows that open to the beachfront and the private pool, a separate TV lounge room for cosy evenings in, and an expansive gourmet kitchen with additional dining space. Each of the bedrooms is designed in a chic boutique style, with decadent yet sophisticated colour schemes and high-quality décor.

Outside the villa enjoys an enviable position on the sandy shore of the Palm's Frond E, gazing out across the water and with a small sandy beachfront to enjoy. There is also a private pool tucked alongside the villa, ensuring that guests have a chance to cool down. On the terrace, a BBQ area ensures that guests can dine al fresco – the perfect way to soak up the Dubai sun.
